Dear Ms. Dortch:

In accordance with the Enforcement Bureau's Public Notice in the above-referenced document, Telstra Incorporated ("Telstra") respectfully submits this notice of certification.

Telstra Corporation Limited, Telstra's indirect corporate parent, has executed an Agreement with the Federal Bureau of Investigation and the U.S. Department of Justice (the "National Security Agreement"). In accordance with this National Security Agreement, Telstra has committed to complying with all applicable FCC customer network proprietary network ("CPNI") rules. Telstra has established policies and procedures to implement this National Security Agreement, copies of which are distributed within the Company. All employees must abide by these policies and procedures.

Under Telstra's policies and procedures, employees are required to protect the confidentiality of customer information. Telstra employees also have been directed not to release customer-specific information absent the consent of the customer or as required by law.

Telstra hereby submits that on January 27, 2006, it submitted its Annual Report under the National Security Agreement, which contains, among other things, a certification of its compliance with the FCC's CPNI rules. Telstra filed the same under a request for confidential treatment, and the document is afforded confidential treatment. Telstra will submit a copy of the certification to the Enforcement Bureau upon request pursuant

to appropriate procedures to protect the confidential nature of the document.
